TEACHER INTERVIEW

Curious about you,
Teacher JOY

1. 선생님, 자기 소개를 해주세요 :)

Hello, I'm Joy, a teacher at Orun English. These days, the beautiful autumn foliage really seems to enrich my heart. To share a bit of my childhood, I wasn't naturally talented when it came to studying, but I was a hard worker. Being a hard worker means it takes a little more time, but it always gave me a sense of accomplishment, which I loved. I've learned that such effort never disappoints! I hope our Orun English students also realize that by learning the value of effort and perseverance from their school days, you guys can gain confidence in everything you do in the future.

2. 반 아이들과 유튜브 쇼츠로 남기고 싶은 춤 영상이 있다면?

I think "Tiramisu" dance by Kim Sung Chul would be perfect for a YouTube Shorts video with my students. It's simple, fun, and easy to follow, so it would be great for everyone to join in and have a good time! Plus, the catchy music and lively moves would make it so much fun to watch, and I'm sure everyone would enjoy it.

3. 세계 어디든 여행할 수 있다면 어디로 가고 싶나요?

If I could travel anywhere in the world, I would love to visit Switzerland again. It's such a beautiful country, with stunning landscapes like the snow-capped Alps, clear lakes, and charming villages. I enjoyed a scenic train ride through the mountains. It felt like a scene from a movie! Cities like Zurich and Lucerne blend modern and traditional architecture so well. The Swiss culture was warm and welcoming, and the food, especially the chocolate and cheese, was amazing. I had such a peaceful and refreshing time there, and I'd love to return to experience more of Switzerland's natural beauty.

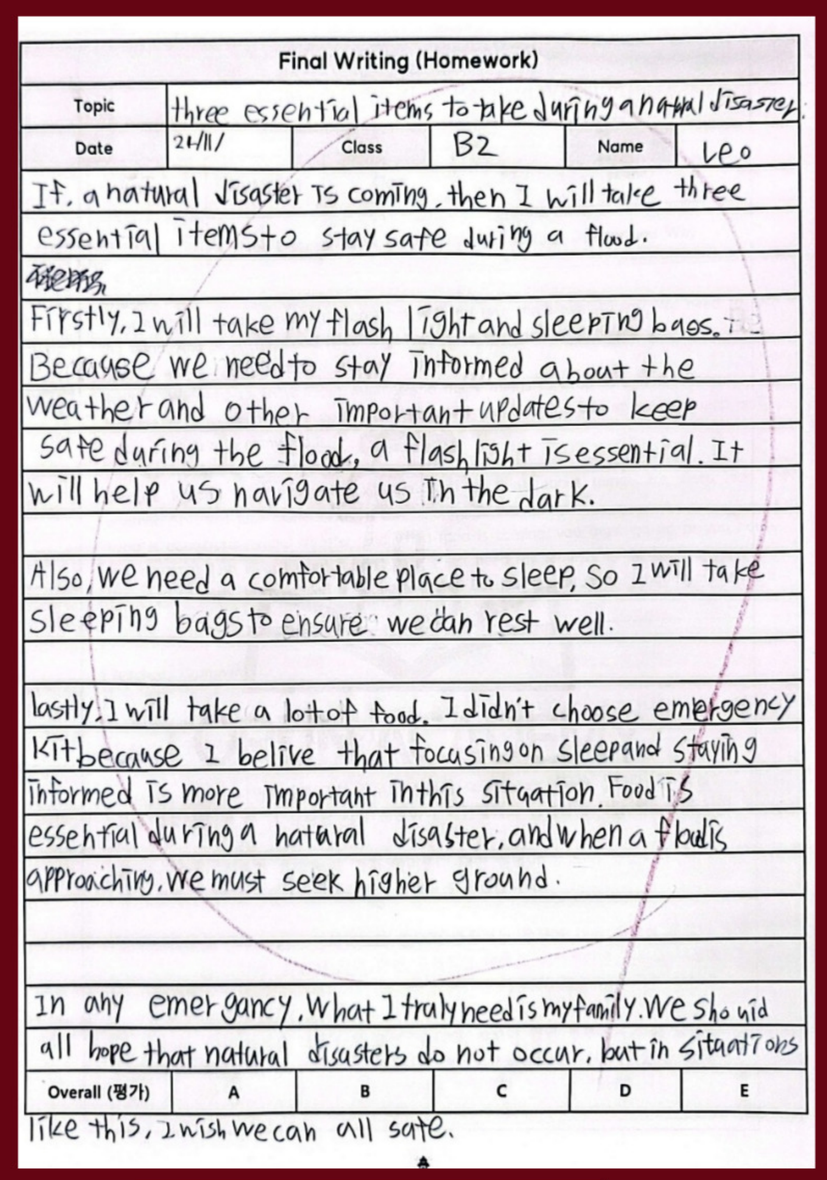

4. 선생님의 학창시절 영어단어 암기법을 알려주실 수 있나요?

When I was in school, I used to memorize English words by associating their sounds with something familiar in my native language. For example, for the word "disturb," I remembered it by thinking of the phrase "뒤에서 톱을 (갈다)", which sounds similar to "disturb." It helped me visualize the idea of something being disrupted, which made the meaning stick in my mind. Using these kinds of sound associations really helped me remember words better and made learning vocabulary much more enjoyable.

5. 최근에 새로 도전해본 것 중에 재미있었던 것이 있다면 무엇인가요?

One of the most fun things I recently tried was taking a flower arranging class. It was a completely new experience, and I really enjoyed creating beautiful designs. The fresh scents of the flowers made it even more enjoyable, and the whole process was both relaxing and rewarding. I never expected to enjoy flower arranging so much, but it turned out to be a lot of fun!

Topic	three essential items to take during a natural disaster				
Date	24/11/	Class	B2	Name	Leo

If a natural disaster is coming, then I will take three essential items to stay safe during a flood.

Firstly, I will take my flash light and sleeping bags. Because we need to stay informed about the weather and other important updates to keep safe during the flood, a flashlight is essential. It will help us navigate us in the dark.

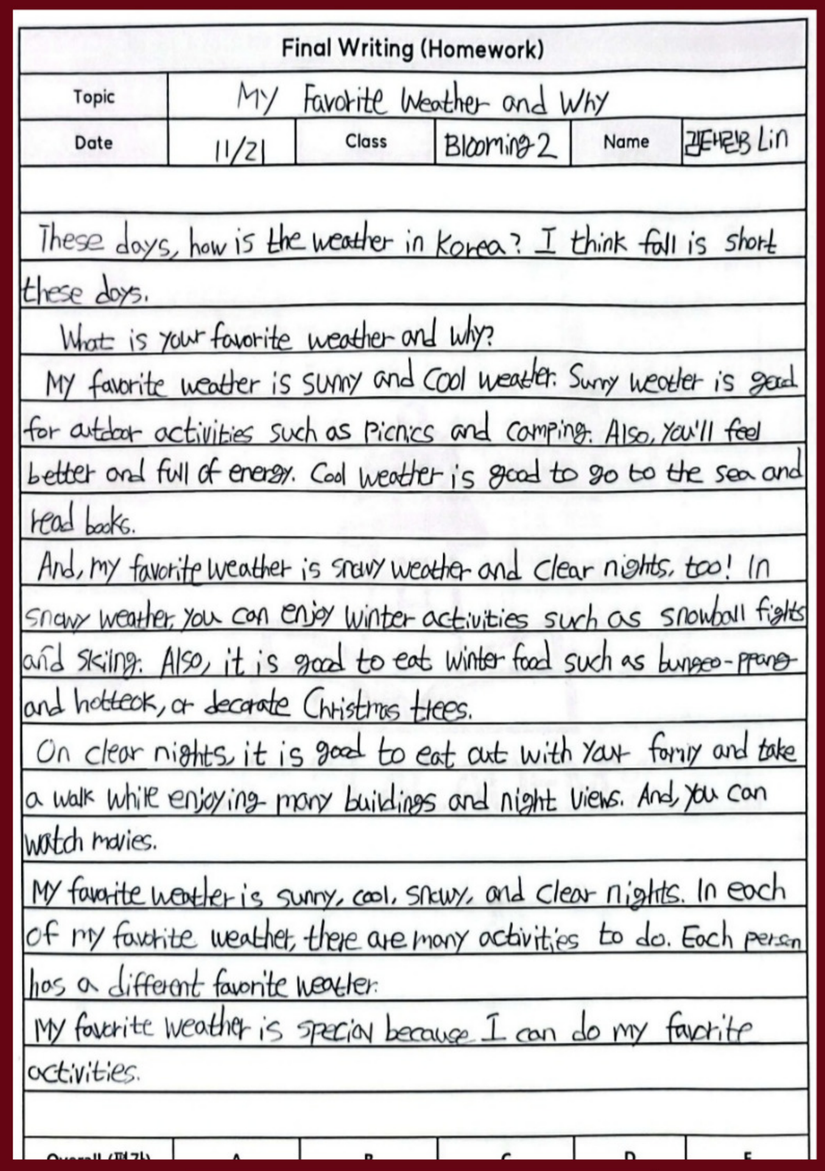

Also, we need a comfortable place to sleep, So I will take sleeping bags to ensure we can rest well.

lastly, I will take a lot of food. I didn't choose emergency kit because I belive that focusing on sleep and staying informed is more important in this situation. Food is essential during a natural disaster, and when a flood is approaching, we must seek higher ground.

In any emergancy, what I truly need is my family. We should all hope that natural disasters do not occur, but in situations like this, I wish we can all safe.

Topic	My Favorite Weather and Why				
Date	11/21	Class	Blooming 2	Name	김태린 Lin

These days, how is the weather in Korea? I think fall is short these days.

What is your favorite weather and why?

My favorite weather is sunny and cool weather. Sunny weather is good for outdoor activities such as picnics and camping. Also, you'll feel better and full of energy. Cool weather is good to go to the sea and read books.

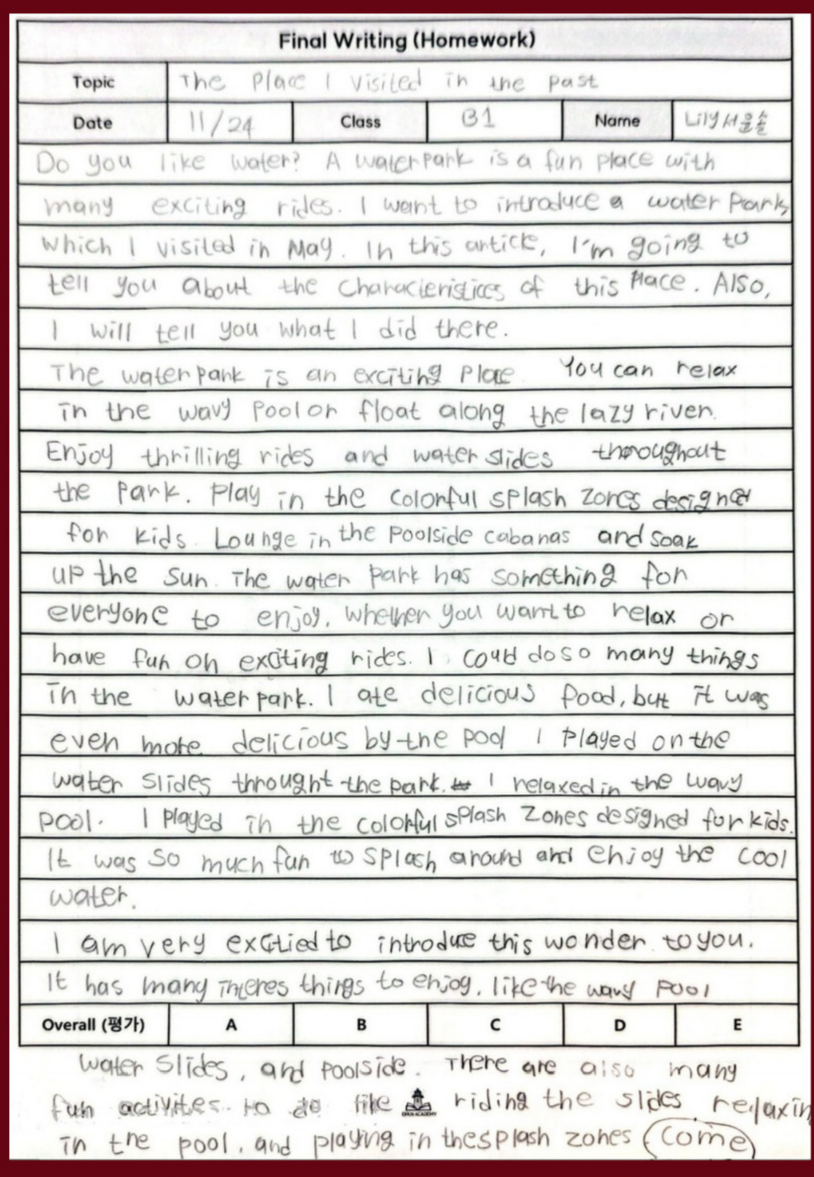

And, my favorite weather is snowy weather and clear nights, too! In snowy weather, you can enjoy winter activities such as snowball fights and skiing. Also, it is good to eat winter food such as bungeo-ppang and hotteok, or decorate Christmas trees.

On clear nights, it is good to eat out with your family and take a walk while enjoying many buildings and night views. And, you can watch movies.

My favorite weather is sunny, cool, snowy, and clear nights. In each of my favorite weather, there are many activities to do. Each person has a different favorite weather.

My favorite weather is special because I can do my favorite activities.

Topic	The Place I visited in the past				
Date	11/24	Class	B1	Name	Lily서윤솔

Do you like water? A waterpark is a fun place with many exciting rides. I want to introduce a water park which I visited in May. In this article, I'm going to tell you about the characteristics of this place. Also, I will tell you what I did there.

The waterpark is an exciting place. You can relax in the wavy pool or float along the lazy river. Enjoy thrilling rides and water slides throughout the park. Play in the colorful splash zones designed for kids. Lounge in the poolside cabanas and soak up the sun. The water park has something for everyone to enjoy, whether you want to relax or have fun on exciting rides. I could do so many things in the water park. I ate delicious food, but it was even more delicious by the pool. I played on the water slides throughout the park. I relaxed in the wavy pool. I played in the colorful splash zones designed for kids. It was so much fun to splash around and enjoy the cool water.

I am very excited to introduce this wonder to you. It has many more things to enjoy, like the wavy pool, water slides, and poolside. There are also many fun activites to do like riding the slides, relaxing in the pool, and playing in the splash zones. Come
